ESTABLISHED 1833. FRIDAY, JANUARY 4, 1889. PRICE TWO CENTS

GEORGE

DE WALD

AND

COMPANY.

Looking at the year just closed from a business standpoint we are more than satisfied. Our efforts during the year have been in the direction of good goods at low prices and our sales for 1888 warrant us in saying that the trading public has appreciated our efforts.

Established in 1839 by R. and J. W. Townley, the house of George DeWald & Co., has for fifty years been known to the people of Fort Wayne and the surrounding country. During the half hundred years of its existence its aim has been to so conduct its affairs as to win an honest place in this city and a record of honorable dealings. Have we succeeded? If so it has been with your help, for which we return thanks and wish you all a Happy New Year.

THE WHITE CAPS.

They Send Threatening Letters to the Chicago Aldermen.

CHICAGO, Jan. 4.—The White Caps have begun business in Chicago. They have not yet had time to carry out their threats, but the following letter has been received by every alderman who has cast a vote for an elevated road.

"*Chicago and Cook County White Caps.—For purity in politics, an honest government, suppression of vice, death to anarchy, death to conspirators, death to boodlers.*"

FIRST NOTICE.—Sir, beware! You remember the boodlers punishment. The doors of Joliet are not yet closed. You are spotted. Your course in the council has been closely watched. Take warning, therefore, ere it be too late, how you vote in the future, or the grand jury will call for you. If not, we shall attend to your case. [Signed,]

CHICAGO AND COOK COUNTY WHITE CAPS. (Crossed arrows.)

A SPEND-THRIFTS FATE.

Dissipation Brings a Former Millionaire to Poverty and Death.

CLEVELAND, JAN. 4.—One of the original stockholders of the Standard Oil company, Geo. A. Baker, swallowed a dose of morphine in his bed in the Weddell house yesterday, and last evening he was found lifeless.

He was a millionaire not long ago and made his wealth in oil and lightning rods. Dissipation and extravagance was the cause of his downfall, and while living on a farm a few miles from here, he was wont to come to town on frequent sprees. His widow and three children reside in this city, and they have not been with Baker for more than ten years.

Yellow Fever.

WASHINGTON, Jan. 4.—The navy department has been informed that the yellow fever has appeared on the Yantic and she has left Port au Prince for home. Admiral Luce says that the Galena, after coming at the coaling at Jamaica, would go back to Port au Prince to look after matters there and that the Haytian Republic would remain there waiting for the crew to take her northward.

The beauty craze has revolutionized society and Dr. Bull's Cough Syrup has revolutionized the treatment of coughs and colds.

The great hosiery sale at M. Frank & Co.'s, begins to-day. Ladies will do well to call and take advantage of the low prices.

BISMARCK'S ILLNESS.

Germany Excited Over the Chancellor's Condition—Many Killed by an Explosion.

BERLIN, Jan. 4.—Great anxiety is felt over the condition of Prince Bismarck's health. Much excitement is evinced in this city over the report that the chancellor is worse. Five thousand telegrams of inquiry and sympathy have been received at Fredricksruhe. The attending physicians have ordered implicit repose and rest for their patient, and he will not come to Berlin for some time. Count Herbert Bismarck will remain, for the present, with his father.

MADRID, Jan. 4.—In an explosion of fire-damp, which occurred in a colliery in the Province of Ovieda, twenty-seven persons were killed and many injured.

ROME, Jan. 4.—The floods have extended to Bastia and Havedee and have done much damage. In one house, which collapsed, twelve persons were killed.

PARIS, Jan. 4.—Most of the republican journals describe the manifesto issued by General Boulanger to the electors of the department of the seine as a tissue of calumny and brag and say its not worthy of discussion.

A TATOOED ARM.

Discloses the Identity of an Arrested Train Robber.

GREENWOOD, Miss., Jan. 4.—C. Allendale, a suspicious looking character, was arrested here to-day on complaint of a New Orleans detective, who charges that he was implicated in the recent Duck Hill train robbery. The prisoner's name is tatooed on his right arm. It is said he formerly belonged to the James gang.

DEATH FROM ALCOHOLISM.

The Most Youthful Case Ever Reported.

NEW YORK, Jan. 4.—Probaby the most youthful case of death from alcoholism ever heard of was reported at the coroner's office to-day. It was that of a four year old girl, Nellie Reynolds. The coroner will make an investigation of the matter.

A Legal Luminary Goes Wrong.

WASECA, Minn., Jan. 4.—S. D. Crump, attorney-at-law and ex-probate judge of this county, is missing and is believed to have gone to Canada. A few days ago he drew a check for $5,500 and had it cashed at St. Paul. The check went to protest and now officers are looking for Crump. Gambling is believed to be the cause of his ruin. Crump, who is a prominent Mason, has five fingers and a thumb on each hand.

The Number Lost.

MEMPHIS, Jan; 4.—The United States inspectors are here investigating the burning of the steamer Kate Adams. They have obtained evidence which satisfies them that forty-two persons were lost, instead of fourteen, as reported several days ago. It appears that eighteen children, who were among the deck passengers, and ten of the boat's crew perished in addition to the victims previously noted.

Tried to Kill Himself With Shears.

COHOES, N. Y., Jan. 4.—Frank Delahanty, son of ex-Assemblyman Delahanty, yesterday attempted suicide by plunging a large pair of shears into his body in twenty-three places. His mother, while attempting to disarm him, was badly cut in the arm. Delahanty had become despondent and melancholy through sickness. He may recover.

A Reporter Suicides.

CHICAGO, Jan. 4.—A very deliberate suicide was that of Clarence S. Galey, who, last night, placed the muzzle of a revolver to his right temple and sent a ball into the base of his brain. He lingered but a few hours after, dying at 9 o'clock. Galey was formerly a reporter on the *Evening Mail*.

Wanted Him Abroad.

RACINE, Wis., Jan. 4.—J. I. Case yesterday sold the trotting horse, "James G.," record 2:20, to A. J. Feek, of Syracuse, N. Y., for $6,000. The animal was purchased for parties residing at Frankfort, Germany, and will be shipped to that country.

The Fire Record.

EAST LIVERPOOL, O., Jan. 4.—The large foundry works, machine shops and pattern room of A. J. Boyce were totally destroyed by fire last night. Loss, $30,000. A large number of men were temporarilly thrown out of work.

The Weather.

WASHINGTON, Jan. 4.—Indiana—Light rains, slightly warmer.

HON. WM. FLEMING.

He Has a Second Attack of Paralysis of the Heart and is Very Low.

At noon to-day, Hon. William Fleming had a second attack of paralysis of the heart and his family were summoned to his bedside and have been gathered around him all afternoon.

A SENTINEL reporter called at the residence at 4 p. m., and was informed by Dr. Dinnen, his son-in-law, that his condition was very critical, but that he might live through the night

THE "Q" STRIKE.

President Perkins Talks About Its Reported Settlement.

BOSTON, Jan. 4.—President Perkins, of the Chicago, Burlington and Quincy railroad, was seen to-day with regard to the reported settlement of the "Q" strike. Mr. Perkins stated that he had no official knowledge of the matter and had received nothing in relation to the strike. A meeting of the directors is now in session.

CHICAGO, Jan. 4.—In accordance with arrangements made yesterday, the grievance committee of the Brotherhood of Engineers appeared at the general offices of the Chicago, Burlington and Quincy railroad this morning, for further conference. The conference is still in progress.

The conference adjourned shortly before 1 o'clock until 3 o'clock. Neither Mr. Stone nor Chairman Cavener would give any information as to the probable result.

MINNEAPOLIS, Jad. 4.—A Duluth special says that the strike of the coal heavers assumed serious proportions today. About 10 o'clock some 300 strikers visited dock No. 1, where about thirty Italians were at work, guarded by a line of policemen. They proposed to whip the "dagos" and attacked the line. A lively fight ensued and the police used their clubs freely. A number of the strikers had their heads badly cut, but no policemen were hurt. The strikers finally retreated.

MR. BLAINE.

WASHINGTON, Jan. 4.—Representative M. Walter Phelps said to an Associated Press reporter to-day that Mr. Blaine was here for the purpose of securing a house for the winter for himself and family, who will come on as soon as arrangements for their comfort are made. Mr. Phelps was asked if Mr. Blaine was going to Indianapolis. He replied: "He has no thought of going there."

Found Dead in Bed.

CONNERSVILLE, Ind., Jan. 4.—Mrs. Uhl was found dead in bed at her residence in this city, at 11 o'clock, yesterday, having died some time during the night, it is supposed, as she slept alone. Mrs. Uhl was fifty-seven years old, and the wife of John Uhl, a well known business man.

Cigar-Maker's Suicide.

TERRE HAUTE, Ind., Jan. 4.—Albert Bockstein, aged thirty-two, a cigar-maker, who was jealous of his wife, shot himself through the heart yesterday, at his home, while his wife was at a neighbor's house. He had upbraided her during the day, and threatened to kill her.

Small Pox.

TIFFIN, Ohio, Jan. 4.—Great excitement exists in this part of the state over the small pox at New Washington. A man coming from there last night says the disease has begun to spread and there are already seven cases and the people are panic stricken.

Will Dig a Big Ditch.

PORTLAND, Ind., Jan. 4.—W. E. Morris, representing the Dayton Dredge company, was the successful bidder for draining the Loblolly swamp. This ditch is to be fourteen miles long, and $18,000 is the price to be paid for the work.

Carriage Works Burned.

HAMMOND, Ind., Jan. 4.—The Chicago carriage company's works burned last night. Loss, $75,000; insurance, $25,000. It is only a few days since the establishment was sold by M. M. Fowle to an Oshkosh firm.

Struck Gas.

ELMIRA, N. Y., Jan. 4.—A strong vein of natural gas has been struck in Steuben county, at a depth of seven hundred feet, and in the first rush the drills and casing were blown out.

Any suit, coat, vest or single pants at absolute cost, for 15 days.

Ruling in Regard to Empty Canadian Cars Brought Into This Country—The Day in Congress.

WASHINGTON, Jan. 4.—The collector of customs at Detroit, Mich., recently applied to the treasury department for information as to the dutiable character of certain empty cars belonging to the Canadian Pacific railway company, brought into the Detroit district by the Michigan Central railroad, and which have entered into use in domestic traffic within the limits of the United States.

Assistant Secretary Maynard has written the collector in reply, that if the cars, in question, were brought in for the express purpose of being used between the points in the United States, via. the Canadian territory, they are liable to seizure, where ever found. He suggests, however, in the absence of satisfactory evidence, that the illegal importations were intentional, that the proper course would be to demand the payment of duty from the officials of the railroad company on all cars so used, which have been brought in at Detroit.

SENATE.

Mr. Sherman, from the committee on foreign relations, reported back favorably Mr. Edmund's joint resolution as to the Panama canal as follows:

Resolved, That the government of the United States will look with serious concern and disapproval on any connection of any European government with the construction or control of any ship canal across the Isthmus of Darien, or across Central America, and must regard any such connection or control as injurious to the just rights and interests of the United States and as a menace to their welfare.

Resolved, That the president be requested to communicate the views of congress to the governments of the countries of Europe.

The resolution was placed on the calendar, and Sherman gave notice he would to-morrow ask for its consideration, and he hoped it would receive the unanimous approval of the senate.

The consideration of the tariff bill was then resumed.

HOUSE.

The house passed numerous amendments to the senate bill to incorporate the Maritime Canal compauy of Nicaragua, by a vote of yeas 157, nays 34, and Mr. Reed immediately called the resolution abolishing the call of states, for the introduction of bills for reference on "suspension" Mondays.

GOT $700.

Virgil Patterson is Handsomely Surprised.

The superior court jury wrestled all day yesterday and all night with the case of Virgil Patterson vs. the city, and this morning returned a verdict awarding him $700.

Patterson, while on one of Sullivan's wood wagons, drove into an alley way in the Seventh ward and encountered a defective sewer. He was thrown from his vehicle and broke a leg. He sued for $3,000.

While the jury was out his attorney got discouraged and made a motion to dismiss the case. Judge Chapin ruled that such a thing would not be proper. The attorney is now congratulating himself.

An alarm of fire sent in from box 24, this morning, caused the department to run to the home of C. M. Comparet, on Harmer street, where a chimney was burning. It was put out with a couple of handsful of salt. The department was not needed.

PRACTICAL PRISON REFORM.

The Directors of the Prison North Make Some Very Valuable Suggestions—A Parole System and Habitual Criminal Act.

Messrs. Henry Monning, John C. Shoemaker and George Majors, constituting the board of directors of the prison north, made their annual report to the governor. The statistical matter contained in the report is but a summary of the figures made by Warden Murdock and printed in THE SENTINEL some time since. In the matter of of recommendations and suggestions, however, the report is highly valuable.

On the subject of convict labor the board says that when it took charge of the prison but three industrial employments were conducted therein, viz: The manufacture of furniture and chairs, boots and shoes and cooperage. An increase in the number and variety of employments seemed advisable and the manufacture of hosiery was begun. The benefits arising from the increase in the number and variety of employments is found in the increased facilities for adjusting the labor of convicts to the character of employment for which they are best suited, and the lessening of the chances for a combination of employes to put down prices of labor.

The directors recommend that all insane prisoners be removed to some other institution, for they cannot receive proper care in a prison. On four vital points in penology the board takes very advanced ground and its statements and arguments are worthy of careful consideration.

The directors urge the adoption of a parole system for convicts who show a desire to reform, even life convicts, and urge that habitual criminals be separated from the less responsible inmates.

Closing the report the directors recommend that provision be made for the appointment of an agent whose duty it shall be to become advised as to the character and general conditions of prisoners in advance of discharge, and to provide places and work for all such as desire, and concerning which there is reasonable hope of good results therefrom.

PIONEER MERCHANTS.

A Change in the Firm of J. G. Thieme and Bro. After a Career of Thirty-Six Years.

The firm of J. G. Thieme & Bro., clothiers and merchant tailors, on East Columbia street, will dissolve partnership the first of next month. The business there will be continued under the name of Thieme & Son. Messrs. John A. Thieme and John G. Thieme have leased the store room occupied by N. G. Young & Co., on West Berry street, and will open an elegant merchant tailoring establishment there February 1.

This firm is one of the oldest in the city and has maintained its name without change for thirty-six years, a proud distinction that no other house can boast of.

The growth of the city and enterprise of the young men now at the helm impels an expansion.

A BIG SUIT.

The Government Brings Suit Against the Northern Pacific Railroad for Trespassing on Its Timber Lands.

ST. PAUL, Minn., Jan. 4.—The most important suit that has been filed in the United States district court for many years was begun, last evening, on behalf of the United States government. It is an action against the Northern Pacific railroad company which involves between $5,000,000 and $6,000,000. It is charged that ever since the road was built it has been trespassing upon the government land along its line, cutting government timber lands and causing great loss and damage to the government.

The discovery of the trespass was made July 1879. The road, which was stumping the lumber on the lands it owned under the grant, which was every alternate section, and which was not yet surveyed, instead of confining itself to such alternate section, cut continuously along its lines. The government asks that an injunction be immediately issued to stop cutting and that the company be compelled to appear in court and respond to questions concerning timber.

HOME GOSSIP.

The George Humphrey G. A. R. post installed officers last night.

Mrs. Hammerle had her husband arrested to-day for assault and battery.

Mr. Louis Wolf, who spent the last few days in Chicago, returned last night.

FRIDAY, JAN. 4, 1889.

STATE GEOLOGIST THOMPSON has resigned his office.

The Chicago *Times*, having disposed of the doctors, is now taking a hand at the gamblers.

JOHN J. YOUNG, of Huntington, is out as a candidate for director of the state prison south.

THE result of the late election did not in the least curtail the New Year welcome at the white house.

THE new administration will have 120,000 offices to give out, but what consolation is that to 1,000,000 applicants.

THE Warsaw *Indianian* has been edited for thirty-three years by General Reub Williams. The pioneer editor is as vigorous and fresh as ever.

CLEVELAND township, Whitley county, in which is situated the little town of South Whitley, is $40,000 in debt, and the people do not seem to relish it.

REPRESENTATIVE NIBLACK seems to be foremost in the race for speaker of the Indiana house of representatives. He is a son of Judge Niblack, of the supreme court, and is said to be a good parlimentarian as well as a pleasant gentleman.

As indicated by the statement of the Fort Wayne postoffice, published yesterday, the government realized a profit of $20,385.85 from their business here during the year. They can afford to give us a fine government building on such handsome receipts.

SECRETARY OF STATE GRIFFIN has issued a neat pamphlet of fifty-four pages, containing an abstract of the vote cast in this state, last November, for presidential electors, state officers, congressmen, judges, prosecuting attorneys, and members of the general assembly.

THE Emperor of Germany receives a salary of $750,000, and wants it increased to a million. For a man who has not been in the business much more than six months, the young emperor has remarkable confidence in his ability and a good estimate of his imperial worth.

THE nomination of Judge Claypool for district attorney of Indiana and the withdrawal of the name of Mr. Bailey means nothing, but the simple fact that the latter's rejection by the republican senate was a foregone conclusion, for General Harrison decreed it. President Cleveland preferred to withdraw Mr. Bailey's name himself and substitute Judge Claypool, against whom partisan malice cannot prevail.

IN a letter to the Hon. I. D. G. Nelson, Mr. John Barner, of Frankfort, Ind., who voted for Andrew Jackson, for president in 1832, proposes that a celebration of Old Hickory's birthday be at Indianapolis on the 15th of next March. He proposes that all the surviving Jackson veterans in Indiana be invited to participate, and that their sons also be asked to attend. Such a celebration would be both pleasant and profitable.

IT IS generally supposed that a legal holiday in one state is a legal holiday the whole country over, but this is far from true, as investigation proves. Christmas is the only holiday recognized by all the states and territories. Thanksgiving day and the Fourth of July are not made legal holidays by Nebraska. New Year's day in ten state is no better than any other day, while Washington's birthday is ignored by fourteen states, including Indiana. Presidential election day is a lawful holiday in ten states. Labor days are holidays in Oregon, Colorado, Massachusetts, New York and New Jersey. Decoration day, of course, is unknown south of Mason and Dixon's line; but one remarkable thing is that Lincoln's birthday, February 12, is made a legal holiday in but one state, and that state is Louisiana. Louisiana, by the way, has more holidays than any other state. She has eleven.

The excitement at Hamlet, a small village in LaPorte county, on the Fort Wayne road, over the death of Michael Haley, a young business man of that place, is still at a high pitch. Haley attended a dance and started for home on a freight train, considerably under the influence of liquor. He quarreled with one of the trainmen, and during the fight which ensued either fell or was thrown from the train while it was in motion. The coroner, from the evidence at hand, has rendered a verdict of murder. The case will be thoroughly investigated. Three arrests have been made.

The Kekionga council will have a public installation of officers on the evening of January 10th. The following committee of arrangements has been appointed: Frank Alderman, W. H. Davis, E. W. Cook, Frank Hurstman, George H. Judy, O. E. Bradway, A. L. Woodward, E. S. Philley, A. S. Johnson, S. A. Wikel, Geo. H. Adams, H. C. Moderwell, Charles Schulman and J. H. Rohan. E. Seidel will be the caterer.

SENATOR BLAIR.

The Distinguished New Hampshire Statesman in the City Last Evening.

Senator Blair, of New Hampshire, was in the city last evening, en route south. The distinguished gentleman stopped at the south depot for a short time, and attracted considerable attention from the people who always throng that place at train times. Here he was met by a SENTINEL reporter. He said he had just been to Indianapolis to pay his respects to General Harrison, and that his object in coming to the state was to deliver five prohibition speeches. He talked very freely on politics, and made no concealment of the fact that he is a pronounced friend of Blaine.

"I think," said he, "that General Harrison should offer the secretary of state portfolio to Mr. Blaine, whether he will accept it or not. I know nothing of the local feeling on this subject, but a large majority of the republicans want Blaine in the cabinet and there will be much disappointment if a position is not tendered him. While this is true, however, I am inclined to think that the party will accept whatever General Harrison does without grumbling."

"Miller, of New York, is urged on account of his temperance," suggested the reporter.

"Miller does not represent the temperance element and certainly not the prohibition element," was the reply. "The New York party made a great mistake in the last campaign and it will always be beaten there on the high license issue. Yes, there is a fight between the friends of Miller and those of Platt, but I know nothing regarding its merits. I have not investigated it further than to know that it exists and that dissatisfaction would result in the event that either of them was given a cabinet place."

Referring to Sherman, the senator said that he knew of no particular demand for Sherman to enter the cabinet; that he was a good man and could do the party as much service in the senate as in a cabinet position, and he was not inclined to think that Sherman would be appointed. He also said that the proportion of prohibitionists in the republican party was about twenty to one, but the third party would never succeed without the republicans. It would have been madness, he added, for the republicans to indorse prohibition at this time, but he believed this would ultimately be done.

With reference to his educational bill he said: "It will be passed without doubt by the next congress. General Harrison is committed to it, for he voted for the bill twice while in the senate. It will be a good thing both for the north and south, and there are congressional districts in New York that show as great need for it as any in the south."

THE ELECTION LAW.

A New Bill Prepared for Legislative Action—Its Provision.

Some time ago the democratic members of the legislature appointed a committee to prepare an election law bill that would be more effectual in preventing frauds. The bill prepared is a combination of the Austrian and registration systems. It is in effect: The tickets are to be printed by the state and county. The usual officers will be appointed at the polls and the inspector will be given tickets in sealed packages. Four or five booths will be cheaply constructed so the voter can cast his vote secretly. He gets his ticket from the inspector at the polls and on the tickets are the names of the candidates of each party being printed in different colored inks and headed with the name of the party. The voter puts a cross mark after the ticket he wishes to vote, or after the names in case he wants to vote a mixed ticket. In case a voter should spoil a ticket he must return it to the inspector and get another one and the inspector is held accountable for every ticket given him by the county and state. What he has left and what go in the box must equal exactly the number given him. As soon as the election returns are made on tally sheets the tickets will be destroyed. Distance flags will be placed fifty feet from the polls and no person except the voter and election officers will be allowed inside the flag lines. Each party will be allowed a challenger, who will be allowed inside the lines only when he wishes to make a challenge. The challenged man must make an affidavit of how long he has lived in the state, county, ward and precinct. If the challenger insists his vote must be sworn in by one freeholder and two householders. A registration clause similar to that in other states is in the bill. Penalties are provided for the enforcement of these laws, one feature is that no provision is made for the man who sells his vote, but the briber is liable to imprisonment for two years and ineligibility to office for double that time.

MUNICIPAL REFORM.

Suggestions for a Complete Revision of Laws Relating to Towns and Cities.

A meeting of city attorneys was held at Indianapolis the latter part of last week, the object of the same being to prepare certain amendments to the present laws which the next general assembly will be asked to adopt. A complete revision of the municipal law of the state will be asked for.

The committee approved a bill which provided for the creation of a board of revision, consisting of three competent lawyers of the state, whose duty it shall be to revise and codify the municipal laws of the state relating to cities and towns, and to report at the next session of the legislature.

Among the recommendations which the committee will make to the general assembly or to the board of revision, in case it is created, are the following:

"Some methods of auditing accounts and claims against cities and towns; a new law for street improvements, a law for the abatement of nuisances and enlargement of sanitary powers; a law giving right to appoint inspectors of buildings with power to condemn; a law for the control and abatement of cemeteries; a simpler law on the subject of opening and vacating of streets and alleys; power to control street peddling and hawking, and a revision of the license system; the abatement and removal of obstructions from streets and alleys; power to compel the removal of snow, ice and other temporary obstructions of sidewalks; power to compel sprinkling of streets, power to appoint boiler, plumbing and scales inspectors, and a law concerning sewerage."

The recommendations will be presented to the general assembly in the shape of a memorial, and an earnest effort will be made to have that body act favorably upon them. The committee will likely have another conference before the meeting of the general assembly.

MISS HELEN BARRY.

The Approaching Engagement of the Noted English Actress in This City.

Miss Barry will appear at the Temple opera house, January 14, for the first time in this city. Her present American tour will not be a long one. She will soon return to New York and then to England. She comes with the highest encomiums of the most capable critics as an actress of splendid attainments.

Miss Barry's position as a comedienne may be understood from her stock repertoire. She is the accepted favorite as Lydia Languish, Lady Clancarty, Mrs. Sutherland (the Lesson of Love), Lady Gay Spanker (London Assurance), Katharine (Taming the Shrew), Susanna (The Scrap of Paper), the Countess (A Woman's Stratagem), Lady Isabel (East Lynne), Lady Teazle, Lady Macbeth, Rosalind (As You Like It), and a score of other and less familiar parts.

Miss Barry appears here in "A Woman's Stratagem," the English version of Scribe and Legouve's fine comedy, "Battaille des dames." In this piece Miss Barry plays the part of the Countess d'Autreval.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

The Bryton party went to Springfield, Ohio.

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of kidney troubles, and Paine's Celery Compound removes them quickly. With its tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

Owing to the continued illness of our Mr. W. H. Brady, who has been our window decorator for many years, we have appointed a new one, who has given very satisfactory evidence of skill in that line.

Our windows do for us excellent service. Do they not do some for you?

Without mistake, they ought to convey to you some idea of what we have inside.

How is your stock of *UNDERWEAR?*

We can furnish you with it in all the varied grades, Cotton, Wool, Merino and Silk in all forms.

You will be told all about them by the saleswomen in charge; and, do not be surprised to learn that some branded "Merino" have no wool in them. Whatever you want will be furnished at the very lowest prices.

Allow us to remind you of our

Corset Department.

Each manufacturer's agent tries to make us believe that his corset is *THE BEST* for everybody. We can not tell, but surely our saleswomen with their vast experience, and you who use them with your experience can tell which particular make will suit you the best.

We handle twenty odd different makes, ranging from 50c to $5.00 each.

Have you examined our stock of

White Aprons?

We take pleasure in showing the most beautiful apron ever sold here at $1,00 each. Then too, we have other grades begining at 10c each and upward.

This brings to mind

Muslin Underwear.

It may not be advisable to say much about it now. We have whatever you may want in it.

Knit Underskirts

Messrs. Lamont and Dreibelbiss yesterday received, through their attorney, H. C. Hartman, a patent on the new and popular removable wooden pulley. It is a continuous rim pulley with a movable segment for play on the shaft and some new and movable features in the hub and method of gearing. The patent covers all the invention and has two claims.

Mr. Wm. W. Orrock, inspector for James Kennedy & Co., lumber dealers and ship builders, of Glasgow, Scotland, left last night for that point, to be abroad three months. Mr. R. P. Penman is the American representative of the great firm, with headquarters in this city. Mr. Penman has in this hard or ship timber belt forty saw mills, which do an average business of from $5,000 to $25,000 a year each. The largest mill is at Decatur, Adams county, and last year it turned out over $25,000 worth of timber for the export trade. The export business out of this city amounts to about $100,000 and as much more is paid out for railroad and ocean freights.

CINDERS AS THEY FLY.

The Local News of the City as it Comes from the Railroads and Manufactories.

The Bass works is making shafting for the electric light works.

George Harrison has resumed his old position in the Pittsburg machine shops.

Frank Stier, of the Bass moulding rooms, has been off duty for a few days.

Wm. Brennan, of the Bass works, is off duty on account of the illness of his wife.

W. H. Baker has again taken a position as machinist at the Pittsburg shops.

Charles Turner, formerly a messenger, has taken a position at the Pittsburg blacksmith shops.

Firemen Edward Johnson and James Van Riper have left the service of the Wabash railway company.

The Wabash Brotherhood of Locomotive Engineers are arranging for a ball at Andrews in the near future.

J. H. Dwenger took a position as machinist in the Pittsburg shops this morning. He learned his trade at the Bass works.

The Panhandle will rebuild their line from Lacrosse, Ind., fourteen miles, to Valparaiso, connecting with the Fort Wayne railroad.

A half-witted fellow, who believes that Jay Gould owes him a fortune, is making frequent attempts to wreck trains on the Wabash, near Churubusco.

Mr. James A. Graham, superintendent of the car department of the Pittsburg shops, was called to Allegheny City, Pa., last evening by the death of his father.

The Jenney automatic coupler and air brakes are being attached to all the freight cars in the service of the Pennsylvania company. The new rigging is put into all the cars that come into the shops here.

Wabash Round-house Foreman Yergin, at Andrews, resigned this week and contemplates removing to Huntington or Fort Wayne. Mr. Yergin is a thorough machinist and a most capable man in any position.

The business in the yards of the Fort Wayne, Cincinnati and Louisville railroad at Muncie has greatly increased. A switch engine was sent from Fort Wayne to remain permanently in the yards at that place.

Oscar J. Freidman has entered suit against the Wabash railway in Springfield, Ill., for $50,000 damages. Friedman received spinal injuries in an accident on the Wabash near Kirkville, Mo., last May, and has since been confined to his room.

Five new men secured employment yesterday and three the day before at the Pittsburg blacksmith shops, making twenty-five new men in all that Foreman Judy has employed. The department is now running 108 men in all, be sides the two foremen.

Capt. C. Hettler, foreman at the Pittsburg works, returned yesterday from the Michigan pineries, where he made large contracts for lumber for 2,000 cars to be built at the Pan Handle shops. The box cars will be built at Jeffersonville and the gondolas at Detroit.

O. E. Bradway, foreman of the brass foundry at the Pittsburg works, has been in the continued service of the company for thirty-one years and is an official whose services were always valued, for he is devoted to its interests. By the way, Mr. Bradway will celebrate the fifty-fifth anniversary of his birth on the 10th of March.

James C. Hewes, foreman of the Pittsburg boiler shops, entered the service of the Pennsylvania company thirty-four years ago and has been in the continued service of the company ever since. Mr. Hughes is popular with the men and the company has no more capable and efficient official than the genial boiler-shop foreman. He is always found at his post of duty.

The annual meeting of the directors of the Pennsylvania company will be held about the middle of the present month. The heads of departments of the Fort Wayne, Pan Handle and other western branches are now in consultation at Pittsburg to determine upon what recommendations to make to the directors. F. D. Cassanave, of this city, superintendent of motive power and machinery, is attending the meeting.

THE CITY Y. M. C. A.

The Association Meets and Elects Officers For the Ensuing Year.

The annual meeting for the election of officers of the city department of the Young Men's Christian association was held last evening at the parlors in their building. The meeting was well attended, and after hearing the annual reports of the old officers, the election took place and resulted as follows:

President—E. A. K. Hackett.

First Vice-President—C. H. Newton.

Second Vice-President—C. S. Smith.

Third Vice-President—J. D. Chambers.

Fourth Vice-President—L. Diether.

Recording Secretary—C. B. Beaver.

Assistant Recording Secretary—C. W. Henderson.

Treasurer—J. W. Cromwell.

The association is doing a grand work for the young men of our city. Every week witnesses its benificent influences. It is constantly reclaiming young men from their evil and pernicious habits, and by offering them a pleasant home where their leisure evenings can be spent in reading or in such amusements as are not harmful in their character, its good is lasting, and of incalculable benefit to the city.

Every citizen should take a pride and a pleasure in upholding the institution and its auxiliary, the railroad department. It may not pay money dividends, like bank stock and manufacturing interests, but it will redound to your credit all the same and make you feel happier, richer and more of a man by reason of having given it a helping hand.

The association is not in a flourishing condition. It is in debt and needs money and the man of means can do no nobler act than to aid it financially, and the citizens of Fort Wayne should see to it that the grand institution is placed in such a shape that it can continue its good work.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

ACTORS WITH BAD THROATS.

Frederick Bryton May Have to Abandon Work—Thomas Keene's Case.

Frederick Bryton, who played here last night, continues to suffer severely from his throat, and essays every line with the greatest difficulty, as if suffering from a severe cold or hoarseness. It has been feared that he may have to lay off for the season and his company has recently been playing without him. The malady seems to be largely of a nervous character and it in nowise affects the otherwise perfectly robust health of the actor. It is believed that some of the trouble is due to a mistake in handling the case at the outset, for his physicians have not made any appreciable progress in Mr. Bryton's case.

A similar instance of misfortune was that of Thomas Keene, the tragedian, who was cut off at the very height of his career by the inability to talk. He took the advice of an old family physician and gave up trying to speak for a year, at the end of which time he went back on the stage and he is now in perfect command of his faculties.

Another man who has recently been attacked in the same way is John A. McCaull, the theatrical manager. His difficulty is due to paralysis of the vocal cords. He can speak with perfect intelligibility, except for a certain thickness at times, which comes on from an enlarged tongue. His doctor has suggested retirement and rest and the colonel is at present at his country place near Baltimore, following out his physician's instructions.

SOLD FOR $75,000.

The Sherman Plant at Cygnet Passes Into the Hands of the Standard.

FINDLAY, O., Jan. 4.—The Standard oil company has purchased the plant of the Sherman oil company, at Cygnet, north of this city, paying for the same $75,000.

During the last month the Standard has obtained nearly complete control of the Ohio oil field by purchase, its expenditure for new property within this period reaching over half a million dollars.

The Huntington *Herald* says: "Dr. A. H. Shaffer, treasurer of the board of trustees of the Indiana school for feeble minded youth, favored us with a printed copy of the tenth annual report of the board for the year 1888. In it we find that the appropriation made by the legislature of $50,000 for the new building at Fort Wayne, lacks over $5,000 of covering the amount already expended, and the report asks for another appropriation amounting to $193,000 to complete the work. There are 239 inmates at the institution. Huntington county furnishes four, and of the neighboring counties, Wabash has three, Wells three, Grant two, Fulton two and Allen seven.

The Plymouth *Democrat* says: "Mrs. Wells, principal of the Westminster seminary, of Fort Wayne, spoke to the Ladies' Missionary society of the Presbyterian church, last Sunday afternoon, and in the evening to the congregation on the subject of home and foreign missionary work. It will be remembered that Mrs. Wells was, several years ago, principal of our high school."

A Sneeze! A Cough! A Sudden Chill! The mischief is done; you have a cold. It will run into catarrh, inflammation of the chest, or to hemorrhage of the lungs! That depends. A timely dose and an external application of Pond's Extract will stop it, as it cures inflammation or hemorrhages of all kinds. Then it is well to keep a bottle of this wonderful remedy at hand prepared for all emergencies. Avoid imitations.

SAM JONES ON SAILORS.

Old Dr. Witherspoon, from New Orleans, preached a sermon about the wants of the three million sailors who lived upon the sea and he asked for help to build chapels and sailors' homes, and do missionary work for them, and Sam followed it up with an exhortation and said: "How it broadens a man to hear such talk about these sailors—these three million of strong men who live and work in continual peril—among them all not an infidel or an atheist. They may be wicked, and when they get on the land and get their money they drink and carouse, and get in the calaboose; but they all believe in that God who sends the storm. It is these fellows who are safe upon the land who become infidels, but just let a little earthquake come along and shake 'em up and they turn pale and tremble, and would run worse than a scared dog if they knew where to run to. These sailors ought to be converted, and then every one of them would be the same as a missionary in every port in the wide world."—*Atlanta Constitution.*

TWO MEASURES OF A GENTLEMAN.

An English gentleman of 400 years ago considered the pursuit of literature, art, and science unworthy of any of their class, which was expected to live solely for sport. American gentlemen (and this includes all Americans) hold the same opinion with regard to all mechanical pursuits. Are such notions a whit less childish than those of 400 years ago? I think they are even more so; for a man may very well be a gentleman without scholarship, but he cannot be one without being able to earn his living by his own labor. The truth is, while we flatter our vanity with the notion that we are an enlightened people, on the ground that we have a form of government and certain mechanical contrivances which our forefathers had not, we are sunk in barbarism as regards all ideas of human worth. For well nigh 2,000 years of Christianity has taught that character, and not position or possession, gives value to men. We act and think, for the most part, as if such teaching had never existed.—*Prof. Thomas Davidson, in The Forum.*

Rheumatism

Is undoubtedly caused by lactid acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparill a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

THERE has been discovered on the Epping plains, in the town of Columbia, Washington County, Maine, a freak of nature that affords a fruitful theme for local scientists, and has set all the natives agape with wonder. Some time between August, 1887, and August, 1888, there was formed, by some subterranean agency, a pond 50 by 75 feet, and several feet deep, where no pond ever existed before. A body of land of corresponding dimensions was forced from its natural position easterly and upward several feet to a more elevated part of the plain, where it now rests, leaving a hollow which in turn became a pond. Nothing of the sort ever happened in the vicinity before, and the inhabitants are now looking for earthquakes.

Man wants but little here below,
But wants that little strong.

This is especially true of a purge. The average man or woman does not precisely hanker for it, as a rule, but when taken, wishes it to be prompt, sure and effective. Dr. Pierce's Pleasant Purgative Pellets leave nothing to be desired in point of efficacy, and yet their action is totally free from any unpleasant symptoms, or disagreeable after effects. Purely vegetable, perfectly harmless.

LADY DRUMMOND, the American girl who had to leave her titled English husband on account of bad treatment, is trying to secure $300,000 which belongs to her and her young daughter.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. mar-18-1y

A NOVEL RAILWAY.

A Swiss engineering novelty—hitherto considered an impossibility—is an inclined railway on which the cars are drawn by cable round a curve. From the Lake of Lucerne the track curves upon an angle of 112 degrees to the summit of the Burgenstock—1,330 feet above the level of the lake and 2,860 feet above the sea-level. The line is 3,050 feet long, and commences with a gradient of 32 per cent., which increases to 58 per cent for more than half of the distance. The motive power is electricity, generated by two twenty-five horse-power dynamos, worked by a water-wheel three miles away.—*Arkansaw Traveler.*

A STICK of timber 151 feet long and twenty inches square, believed to be the largest piece ever turned out from any saw mill, has been sent from Puget Sound to an exhibition in San Francisco.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until **Ayer's Sarsaparilla** did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. THE GLADSTONE LAMP

Is the finest lamp in the world. It gives a **pure, soft, brilliant white** light of 85 candle power,—a *marvelous light from ordinary oil!* Nobody ever supposed such a light was possible from kerosene oil; yet it is there, and

Seeing is Believing

A "wonderful lamp" it is in all respects. It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil;" no gumming up, no leaks, no sputtering, no climbing of the flame, no annoyance of any kind, and cannot explode. And then, beside all these advantages, think of a lamp giving a *clear, white light,* 10 to 20 times the size and brilliancy of *any ordinary house lamp!*

The Gladstone is made of high-grade, hard rolled metal (all parts interchangeable), and in elegant designs for Dining or Parlor Table, the Study, Drawing-room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. *Every home should have it.*

Illustrated price list will be sent you on receipt of a postal card. Single lamps at *wholesale price,* with or without porcelain shade, carefully boxed and sent by express to any part of the country.

☞ See our prices and then order. "*Seeing is believing.*" Address Gladstone Lamp Co., 10 East 14th St., New York City. A live Agent wanted in every town to sell these lamps.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by impure blood, which is not true. They have their cause in a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease,* also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

Looking at the year just closed from a business standpoint we are more than satisfied. Our efforts during the year have been in the direction of good goods at low prices and our sales for 1888 warrant us in saying that the trading public has appreciated our efforts.

Established in 1839 by R. and J. W. Townley, the house of George DeWald & Co., has for fifty years been known to the people of Fort Wayne and the surrounding country. During the half hundred years of its existence its aim has been to so conduct its affairs as to win an honest place in this city and a record of honorable dealings. Have we succeeded? If so it has been with your help, for which we return thanks and wish you all a Happy New Year.

THE WHITE CAPS.

They Send Threatening Letters to the Chicago Aldermen.

CHICAGO, Jan. 4.—The White Caps have begun business in Chicago. They have not yet had time to carry out their threats, but the following letter has been received by every alderman who has cast a vote for an elevated road.

"*Chicago and Cook County White Caps.—For purity in politics, an honest government, suppression of vice, death to anarchy, death to conspirators, death to boodlers.*"

FIRST NOTICE.—Sir, beware! You remember the boodlers punishment. The doors of Joliet are not yet closed. You are spotted. Your course in the council has been closely watched. Take warning, therefore, ere it be too late, how you vote in the future, or the grand jury will call for you. If not, we shall attend to your case. [Signed,]

Dissipation Brings a Former Millionaire to Poverty and Death.

CLEVELAND, Jan. 4.—One of the original stockholders of the Standard Oil company, Geo. A. Baker, swallowed a dose of morphine in his bed in the Weddell house yesterday, and last evening he was found lifeless.

He was a millionaire not long ago and made his wealth in oil and lightning rods. Dissipation and extravagance was the cause of his downfall, and while living on a farm a few miles from here, he was wont to come to town on frequent sprees. His widow and three children reside in this city, and they have not been with Baker for more than ten years.

Yellow Fever.

WASHINGTON, Jan. 4.—The navy department has been informed that the yellow fever has appeared on the Yantic and she has left Port au Prince for home. Admiral Luce says that the Galena, after coaling at the coaling at Jamaica, would go back to Port au Prince to look after matters there and that the Haytian Republic would remain there waiting for the crew to take her northward.

BISMARCK'S ILLNESS.

Germany Excited Over the Chancellor's Condition—Many Killed by an Explosion.

BERLIN, Jan. 4.—Great anxiety is felt over the condition of Prince Bismarck's health. Much excitement is evinced in this city over the report that the chancellor is worse. Five thousand telegrams of inquiry and sympathy have been received at Fredrickruhe. The attending physicians have ordered implicit repose and rest for their patient, and he will not come to Berlin for some time. Count Herbert Bismarck will remain, for the present, with his father.

MADRID, Jan. 4.—In an explosion of fire-damp, which occurred in a colliery in the Province of Oviedo, twenty-seven persons were killed and many injured.

ROME, Jan. 4.—The floods have extended to Bastia and Havedee and have done much damage. In one house, which collapsed, twelve persons were killed.

PARIS, Jan. 4.—Most of the republican journals describe the manifesto issued by General Boulanger to the electors of the department of the seine as a tissue of calumny and brag and say its not worthy of discussion.

A TATOOED ARM.

Discloses the Identity of an Arrested Train Robber.

GREENWOOD, Miss., Jan. 4.—C. Allendale, a suspicious looking character, was arrested here to-day on complaint of a New Orleans detective, who charges that he was implicated in the recent Duck Hill train robbery. The prisoner's name is tatooed on his right arm. It is said he formerly belonged to the James gang.

DEATH FROM ALCOHOLISM.

The Most Youthful Case Ever Reported.

NEW YORK, Jan. 4.—Probably the most youthful case of death from alcoholism ever heard of was reported at the coroner's office to-day. It was that of a four year old girl, Nellie Reynolds. The coroner will make an investigation of the matter.

A Legal Luminary Goes Wrong.

WABASHA, Minn., Jan. 4.—S. D. Crump, attorney-at-law and ex-probate judge of this county, is missing and is believed to have gone to Canada. A few days ago he drew a check for $6,500 and had it cashed at St. Paul. The check went to protest and now officers are looking for Crump. Gambling is believed to be the cause of his ruin. Crump, who is a prominent Mason, has five fingers and a thumb on each hand.

The Number Lost.

MEMPHIS, Jan; 4.—The United States inspectors are here investigating the burning of the steamer Kate Adams. They have obtained evidence which satisfies them that forty-two persons were lost, instead of fourteen, as reported several days ago. It appears that eighteen children, who were among the dock passengers, and ten of the boat's crew perished in addition to the victims previously noted.

Tried to Kill Himself With Shears.

COHOES, N. Y., Jan. 4.—Frank Delahanty, son of ex-Assemblyman Delahanty, yesterday attempted suicide by plunging a large pair of shears into his body in twenty-three places. His mother, while attempting to disarm him, was badly cut in the arm. Delahanty had become despondent and melancholy through sickness. He may recover.

A Reporter Suicides.

CHICAGO, Jan. 4.—A very deliberate suicide was that of Clarence S. Galey, who, last night, placed the muzzle of a revolver to his right temple and sent a ball into the base of his brain. He lingered but a few hours after, dying at 9 o'clock. Galey was formerly a reporter on the *Evening Mail*.

Wanted Him Abroad.

RACINE, Wis., Jan. 4.—J. I. Case yesterday sold the trotting horse, "James G.," record 2.20, to A. J. Fock, of Syracuse, N. Y., for $6,000. The animal was purchased for parties residing at Frankfort, Germany, and will be shipped to that country.

The Fire Record.

EAST LIVERPOOL, O., Jan. 4.—The large foundry works, machine shops and pattern room of A. J. Boyce were totally destroyed by fire last night. Loss, $30,000. A large number of men were temporarily thrown out of work.

The Weather.

WASHINGTON, Jan. 4.—Indiana—Light rains, slightly warmer.

HON. WM. FLEMING.

He Has a Second Attack of Paralysis of the Heart and is Very Low.

At noon to-day, Hon. William Fleming had a second attack of paralysis of the heart and his family were summoned to his bedside and have been gathered around him all afternoon.

A SENTINEL reporter called at the residence at 4 p. m., and was informed by Dr. Dinnen, his son-in-law, that his condition was very critical, but that he might live through the night

THE "Q" STRIKE.

President Perkins Talks About Its Reported Settlement.

BOSTON, Jan. 4.—President Perkins, of the Chicago, Burlington and Quincy railroad, was seen to-day with regard to the reported settlement of the "Q" strike. Mr. Perkins stated that he had no official knowledge of the matter and had received nothing in relation to the strike. A meeting of the directors is now in session.

CHICAGO, Jan. 4.—In accordance with arrangements made yesterday, the grievance committee of the Brotherhood of Engineers appeared at the general offices of the Chicago, Burlington and Quincy railroad this morning, for further conference. The conference is still in progress.

The conference adjourned shortly before 1 o'clock until 3 o'clock. Neither Mr. Stone nor Chairman Cavener would give any information as to the probable result.

MINNEAPOLIS, Jad. 4.—A Duluth special says that the strike of the coal heavers assumed serious proportions today. About 10 o'clock some 300 strikers visited dock No. 1, where about thirty Italians were at work, guarded by a line of policemen. They proposed to whip the "dagos" and attacked the line. A lively fight ensued and the police used their clubs freely. A number of the strikers had their heads badly cut, but no policemen were hurt. The strikers finally retreated.

MR. BLAINE.

WASHINGTON, Jan. 4.—Representative M. Walter Phelps said to an Associated Press reporter to-day that Mr. Blaine was here for the purpose of securing a house for the winter for himself and family, who will come on as soon as arrangements for their comfort are made. Mr. Phelps was asked if Mr. Blaine was going to Indianapolis. He replied: "He has no thought of going there."

Found Dead in Bed.

CONNERSVILLE, Ind., Jan. 4.—Mrs. Uhl was found dead in bed at her residence in this city, at 11 o'clock, yesterday, having died some time during the night, it is supposed, as she slept alone. Mrs. Uhl was fifty-seven years old, and the wife of John Uhl, a well known business man.

Cigar-Maker's Suicide.

TERRE HAUTE, Ind., Jan. 4.—Albert Bookstain, aged thirty-two, a cigar-maker, who was jealous of his wife, shot himself through the heart yesterday, at his home, while his wife was at a neighbor's house. He had upbraided her during the day, and threatened to kill her.

Small Pox.

TIFFIN, Ohio, Jan. 4.—Great excitement exists in this part of the state over the small pox at New Washington. A man coming from there last night says the disease has begun to spread and there are already seven cases and the people are panic stricken.

Will Dig a Big Ditch.

PORTLAND, Ind., Jan. 4.—W. E. Morris, representing the Dayton Dredge company, was the successful bidder for draining the Loblolly swamp. This ditch is to be fourteen miles long, and $18,000 is the price to be paid for the work.

Carriage Works Burned.

HAMMOND, Ind., Jan. 4.—The Chicago carriage company's works burned last night. Loss, $75,000; insurance, $25,000. It is only a few days since the establishment was sold by M. M. Fowle to an Oshkosh firm.

Ruling in Regard to Empty Canadian Cars Brought Into This Country—The Day in Congress.

WASHINGTON, Jan. 4.—The collector of customs at Detroit, Mich., recently applied to the treasury department for information as to the dutiable character of certain empty cars belonging to the Canadian Pacific railway company, brought into the Detroit district by the Michigan Central railroad, and which have entered into use in domestic traffic within the limits of the United States.

Assistant Secretary Maynard has written the collector in reply, that if the cars, in question, were brought in for the express purpose of being used between the points in the United States, via, the Canadian territory, they are liable to seizure, where ever found. He suggests, however, in the absence of satisfactory evidence, that the illegal importations were intentional, that the proper course would be to demand the payment of duty from the officials of the railroad company on all cars so used, which have been brought in at Detroit.

SENATE.

Mr. Sherman, from the committee on foreign relations, reported back favorably Mr. Edmund's joint resolution as to the Panama canal as follows:

Resolved, That the government of the United States will look with serious concern and disapproval on any connection of any European government with the construction or control of any ship canal across the Isthmus of Darien, or across Central America, and must regard any such connection or control as injurious to the just rights and interests of the United States and as a menace to their welfare.

Resolved, That the president be requested to communicate the views of congress to the governments of the countries of Europe.

The resolution was placed on the calendar, and Sherman gave notice he would to-morrow ask for its consideration, and he hoped it would receive the unanimous approval of the senate.

The consideration of the tariff bill was then resumed.

HOUSE.

The house passed numerous amendments to the senate bill to incorporate the Maritime Canal company of Nicaragua, by a vote of yeas 157, nays 34, and Mr. Reed immediately called the resolution abolishing the call of states, for the introduction of bills for reference on "suspension" Mondays.

GOT $700.

Virgil Patterson is Handsomely Surprised.

The superior court jury wrestled all day yesterday and all night with the case of Virgil Patterson vs. the city, and this morning returned a verdict awarding him $700.

Patterson, while on one of Sullivan's wood wagons, drove into an alley way in the Seventh ward and encountered a defective sewer. He was thrown from his vehicle and broke a leg. He sued for $3,000.

While the jury was out his attorney got discouraged and made a motion to dismiss the case. Judge Chapin ruled that such a thing would not be proper. The attorney is now congratulating himself.

An alarm of fire sent in from box 24, this morning, caused the department to run to the home of C. M. Comparet, on Harmer street, where a chimney was burning. It was put out with a couple of handsful of salt. The department was not needed.

PRACTICAL PRISON REFORM.

The Directors of the Prison North Make Some Very Valuable Suggestions—A Parole System and Habitual Criminal Act.

Messrs. Henry Monning, John C. Shoemaker and George Majors, constituting the board of directors of the prison north, made their annual report to the governor. The statistical matter contained in the report is but a summary of the figures made by Warden Murdock and printed in THE SENTINEL some time since. In the matter of recommendations and suggestions, however, the report is highly valuable.

On the subject of convict labor the board says that when it took charge of the prison but three industrial employments were conducted therein, viz: The manufacture of furniture and chairs, boots and shoes and cooperage. An increase in the number and variety of employments seemed advisable and the manufacture of hosiery was begun. The benefits arising from the increase in the number and variety of employments is found in the increased facilities for adjusting the labor of convicts to the character of employment for which they are best suited, and the lessening of the chances for a combination of employes to put down prices of labor.

The directors recommend that all insane prisoners be removed to some other institution, for they cannot receive proper care in a prison. On four vital points in penology the board takes very advanced ground and its statements and arguments are worthy of careful consideration.

The directors urge the adoption of a parole system for convicts who show a desire to reform, even life convicts, and urge that habitual criminals be separated from the less responsible inmates.

Closing the report the directors recommend that provision be made for the appointment of an agent whose duty it shall be to become advised as to the character and general conditions of prisoners in advance of discharge, and to provide places and work for all such as desire, and concerning which there is reasonable hope of good results therefrom.

PIONEER MERCHANTS.

A Change in the Firm of J. G. Thieme and Bro. After a Career of Thirty-Six Years.

The firm of J. G. Thieme & Bro., clothiers and merchant tailors, on East Columbia street, will dissolve partnership the first of next month. The business there will be continued under the name of Thieme & Son. Messrs. John A. Thieme and John G. Thieme have leased the store room occupied by N. G. Young & Co., on West Berry street, and will open an elegant merchant tailoring establishment there February 1.

This firm is one of the oldest in the city and has maintained its name without change for thirty-six years, a proud distinction that no other house can boast of.

A BIG SUIT.

The Government Brings Suit Against the Northern Pacific Railroad for Trespassing on Its Timber Lands.

ST. PAUL, Minn., Jan. 4.—The most important suit that has been filed in the United States district court for many years was begun, last evening, on behalf of the United States government. It is an action against the Northern Pacific railroad company which involves between $5,000,000 and $6,000,000. It is charged that ever since the road was built it has been trespassing upon the government land along its line, cutting government timber lands and causing great loss and damage to the government.

The discovery of the trespass was made July 1879. The road, which was stumping the lumber on the lands it owned under the grant, which was every alternate section, and which was not yet surveyed, instead of confining itself to such alternate section, cut continuously along its lines. The government asks that an injunction be immediately issued to stop cutting and that the company be compelled to appear in court and respond to questions concerning timber.

FRIDAY, JAN. 4, 1889.

STATE GEOLOGIST THOMPSON has resigned his office.

The Chicago *Times*, having disposed of the doctors, is now taking a hand at the gamblers.

JOHN J. YOCUM, of Huntington, is out as a candidate for director of the state prison south.

THE result of the late election did not in the least curtail the New Year welcome at the white house.

THE new administration will have 120,000 offices to give out, but what consolation is that to 1,000,000 applicants.

THE Warsaw *Indianian* has been edited for thirty-three years by General Reub Williams. The pioneer editor is as vigorous and fresh as ever.

CLEVELAND township, Whitley county, in which is situated the little town of South Whitley, is $40,000 in debt, and the people do not seem to relish it.

REPRESENTATIVE NIBLACK seems to be foremost in the race for speaker of the Indiana house of representatives. He is a son of Judge Niblack, of the supreme court, and is said to be a good parliamentarian as well as a pleasant gentleman.

As indicated by the statement of the Fort Wayne postoffice, published yesterday, the government realized a profit of $20,385.85 from their business here during the year. They can afford to give us a fine government building on such handsome receipts.

SECRETARY OF STATE GRIFFIN has issued a neat pamphlet of fifty-four pages, containing an abstract of the vote cast in this state, last November, for presidential electors, state officers, congressmen, judges, prosecuting attorneys, and members of the general assembly.

THE Emperor of Germany receives a salary of $750,000, and wants it increased to a million. For a man who has not been in the business much more than six months, the young emperor has remarkable confidence in his ability and a good estimate of his imperial worth.

THE nomination of Judge Claypool for district attorney of Indiana and the withdrawal of the name of Mr. Bailey means nothing, but the simple fact that the latter's rejection by the republican senate was a foregone conclusion, for General Harrison decreed it. President Cleveland preferred to withdraw Mr. Bailey's name himself and substitute Judge Claypool, against whom partisan malice cannot prevail.

IN a letter to the Hon. I. D. G. Nelson, Mr. John Barner, of Frankfort, Ind., who voted for Andrew Jackson, for president in 1832, proposes that a celebration of Old Hickory's birthday be at Indianapolis on the 15th of next March. He proposes that all the surviving Jackson veterans in Indiana be invited to participate, and that their sons also be asked to attend. Such a celebration would be both pleasant and profitable.

IT IS generally supposed that a legal holiday in one state is a legal holiday the whole country over, but this is far from true, as investigation proves. Christmas is the only holiday recognized by all the states and territories. Thanksgiving day and the Fourth of July are not made legal holidays by Nebraska. New Year's day in ten state is no better than any other day, while Washington's birthday is ignored by fourteen states, including Indiana. Presidential election day is a lawful holiday in ten states. Labor days are holidays in Oregon, Colorado, Massachusetts, New York and New Jersey. Decoration day, of course, is unknown south of Mason and Dixon's line; but one remarkable thing is that Lincoln's birthday, February 12, is made a legal holiday in but one state, and that state is Louisiana. Louisiana, by the way, has more holidays than any other state. She has eleven.

The excitement at Hamlet, a small village in LaPorte county, on the Fort Wayne road, over the death of Michael Haley, a young business man of that place, is still at a high pitch. Haley attended a dance and started for home on a freight train, considerably under the influence of liquor. He quarreled with one of the trainmen, and during the fight which ensued either fell or was thrown from the train while it was in motion. The coroner, from the evidence at hand, has rendered a verdict of murder. The case will be thoroughly investigated. Three arrests have been made.

The Kekionga council will have a public installation of officers on the evening of January 10th. The following committee of arrangements has been appointed: Frank Alderman, W. H. Davis, E. W. Cook, Frank Hursh-man, George H. Judy, O. E. Bradway, A. L. Woodward, E. S. Philley, A. S. Johnson, S. A. Wikel, Geo. H. Adams, H. C. Moderwell, Charles Schoinau and J. H. Rohab. E. Soidel will be the caterer.

SENATOR BLAIR.

The Distinguished New Hampshire Statesman in the City Last Evening.

Senator Blair, of New Hampshire, was in the city last evening, en route south. The distinguished gentleman stopped at the south depot for a short time, and attracted considerable attention from the people who always throng that place at train times. Here he was met by a SENTINEL reporter. He said he had just been to Indianapolis to pay his respects to General Harrison, and that his object in coming to the state was to deliver five prohibition speeches. He talked very freely on politics, and made no concealment of the fact that he is a pronounced friend of Blaine.

"I think," said he, "that General Harrison should offer the secretary of state portfolio to Mr. Blaine, whether he will accept it or not. I know nothing of the local feeling on this subject, but a large majority of the republicans want Blaine in the cabinet and there will be much disappointment if a position is not tendered him. While this is true, however, I am inclined to think that the party will accept whatever General Harrison does without grumbling."

"Miller, of New York, is urged on account of his temperance," suggested the reporter.

"Miller does not represent the temperance element and certainly not the prohibition element," was the reply. "The New York party made a great mistake in the last campaign and it will always be beaten there on the high license issue. Yes, there is a fight between the friends of Miller and those of Platt, but I know nothing regarding its merits. I have not investigated it further than to know that it exists and that dissatisfaction would result in the event that either of them was given a cabinet place."

Referring to Sherman, the senator said that he knew of no particular demand for Sherman to enter the cabinet; that he was a good man and could do the party as much service in the senate as in a cabinet position, and he was not inclined to think that Sherman would be appointed. He also said that the proportion of prohibitionists in the republican party was about twenty to one, but the third party would never succeed without the republicans. It would have been madness, he added, for the republicans to indorse prohibition at this time, but he believed this would ultimately be done.

With reference to his educational bill he said: "It will be passed without doubt by the next congress. General Harrison is committed to it, for he voted for the bill twice while in the senate. It will be a good thing both for the north and south, and there are congressional districts in New York that show as great need for it as any in the south."

THE ELECTION LAW.

A New Bill Prepared for Legislative Action—Its Provisions.

Some time ago the democratic members of the legislature appointed a committee to prepare an election law bill that would be more effectual in preventing frauds. The bill prepared is a combination of the Australian and registration systems. It is in effect: The tickets are to be printed by the state and county. The usual officers will be appointed at the polls and the inspector will be given tickets in sealed packages. Four or five booths will be cheaply constructed so the voter can cast his vote secretly. He gets his ticket from the inspector at the polls and on the tickets are the names of the candidates of each party being printed in different colored inks and headed with the name of the party. The voter puts a cross mark after the ticket he wishes to vote, or after the names in case he wants to vote a mixed ticket. In case a voter should spoil a ticket he must return it to the inspector and get another one and the inspector is held accountable for every ticket given him by the county and state. What he has left and what go in the box must equal exactly the number given him. As soon as the election returns are made on tally sheets the tickets will be destroyed. Distance flags will be placed fifty feet from the polls and no person except the voter and election officers will be allowed inside the flag lines. Each party will be allowed a challenger, who will be allowed inside the lines only when he wishes to make a challenge. The challenged man must make an affidavit of how long he has lived in the state, county, ward and precinct. If the challenger insists his vote must be sworn in by one freeholder and two householders. A registration clause similar to that in other states is in the bill. Penalties are provided for the enforcement of these laws, one feature is that no provision is made for the man who sells his vote, but the briber is liable to imprisonment for two years and ineligibility to office for double that time.

MUNICIPAL REFORM.

Suggestions for a Complete Revision of Laws Relating to Towns and Cities.

A meeting of city attorneys was held at Indianapolis the latter part of last week, the object of the same being to prepare certain amendments to the present laws which the next general assembly will be asked to adopt. A complete revision of the municipal law of the state will be asked for.

The committee approved a bill which provided for the creation of a board of revision, consisting of three competent lawyers of the state, whose duty it shall be to revise and codify the municipal laws of the state relating to cities and towns, and to report at the next session of the legislature.

Among the recommendations which the committee will make to the general assembly or to the board of revision, in case it is created, are the following:

"Some methods of auditing accounts and claims against cities and towns; a new law for street improvements, a law for the abatement of nuisances and enlargement of sanitary powers; a law giving right to appoint inspectors of buildings with power to condemn; a law for the control and abatement of cemeteries; a simpler law on the subject of opening and vacating of streets and alleys; power to control street peddling and hawking, and a revision of the license system; the abatement and removal of obstructions from streets and alleys; power to compel the removal of snow, ice and other temporary obstructions of sidewalks; power to compel sprinkling of streets, power to appoint boiler, plumbing and sewer inspectors, and a law concerning sewerage."

The recommendations will be presented to the general assembly in the shape of a memorial, and an earnest effort will be made to have that body act favorably upon them. The committee will likely have another conference before the meeting of the general assembly.

Miss HELEN BARRY.

The Approaching Engagement of the Noted English Actress in This City.

Miss Barry will appear at the Temple opera house, January 14, for the first time in this city. Her present American tour will not be a long one. She will soon return to New York and then to England. She comes with the highest encomiums of the most capable critics as an actress of splendid attainments.

Miss Barry's position as a comedienne may be understood from her stock repertoire. She is the accepted favorite as Lydia Languish, Lady Clancarty, Mrs. Sutherland (the Lesson of Love), Lady Gay Spanker (London Assurance), Katharine (Taming the Shrew), Susanna (The Scrap of Paper), the Countess (A Woman's Stratagem), Lady Isabel (East Lynne), Lady Teazle, Lady Macbeth, Rosalind (As You Like It), and a score of other and less familiar parts.

Miss Barry appears here in "A Woman's Stratagem," the English version of Scribe and Legouve's fine comedy, "Bataille des dames." In this piece Miss Barry plays the part of the Countess d'Autreval.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

The Bryton party went to Springfield, Ohio.

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of kidney troubles, and Paine's Celery Compound removes them quickly. With its tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

DR. JAMES M. DUNNEN,

PHYSICIAN AND SURGEON.

Office, 76 Calhoun street.

Residence 69 West Wayne street

Owing to the continued illness of our Mr. W. H. Brady, who has been our window decorator for many years, we have appointed a new one, who has given very satisfactory evidence of skill in that line.

Our windows do for us excellent service. Do they not do some for you?

Without mistake, they ought to convey to you some idea of what we have inside.

How is your stock of *UNDERWEAR*?

We can furnish you with it in all the varied grades, Cotton, Wool, Merino and Silk in all forms.

You will be told all about them by the saleswomen in charge; and, do not be surprised to learn that some branded "Merino" have no wool in them. Whatever you want will be furnished at the very lowest prices.

Allow us to remind you of our

Corset Department.

Each manufacturer's agent tries to make us believe that his corset is *THE BEST* for everybody. We can not tell, but surely our saleswomen with their vast experience, and you who use them with your experience can tell which particular make will suit you the best.

We handle twenty odd different makes, ranging from 50c to $5.00 each.

Have you examined our stock of

White Aprons?

We take pleasure in showing the most beautiful apron ever sold here at $1,00 each. Then too, we have other grades begining at 10c each and upward.

This brings to mind

Muslin Underwear.

It may not be advisable to say much about it now. We have whatever you may want in it.

Knit Underskirts

You want to examine. For beauty and utility unexcelled. These and other lines of knit goods you will find in the room, entrance on Main street and from north side, center of first floor.

Messrs. Lamont and Dreibelbiss yesterday received, through their attorney, H. C. Hartman, a patent on the new and popular removable wooden pulley. It is a continuous rim pulley with a movable segment for play on the shaft and some new and movable features in the hub and method of gearing. The patent covers all the invention and has two claims.

Mr. Wm. W. Orrock, inspector for James Kennedy & Co., lumber dealers and ship builders, of Glasgow, Scotland, left last night for that point, to be abroad three months. Mr. R. P. Penman is the American representative of the great firm, with headquarters in this city. Mr. Penman has in this hand or ship timber belt forty saw mills, which do an average business of from $5,000 to $25,000 a year each. The largest mill is at Decatur, Adams county, and last year it turned out over $25,000 worth of timber for the export trade. The export business out of this city amounts to about $100,000 and as much more is paid out for railroad and ocean freights.

David, of Indianapolis, for faithful discharge of duties.

CINDERS AS THEY FLY.

The Local News of the City as it Comes from the Railroads and Manufactories.

The Bass works is making shafting for the electric light works.

George Harrison has resumed his old position in the Pittsburg machine shops.

Frank Stier, of the Bass moulding rooms, has been off duty for a few days.

Wm. Brennan, of the Bass works, is off duty on account of the illness of his wife.

W. H. Baker has again taken a position as machinist at the Pittsburg shops.

Charles Turner, formerly a messenger, has taken a position at the Pittsburg blacksmith shops.

Firemen Edward Johnson and James Van Riper have left the service of the Wabash railway company.

The Wabash Brotherhood of Locomotive Engineers are arranging for a ball at Andrews in the near future.

J. H. Dwenger took a position as machinist in the Pittsburg shops this morning. He learned his trade at the Bass works.

The Panhandle will rebuild their line from Lacrosse, Ind., fourteen miles, to Valparaiso, connecting with the Fort Wayne railroad.

A half-witted fellow, who believes that Jay Gould owes him a fortune, is making frequent attempts to wreck trains on the Wabash, near Churubusco.

Mr. James A. Graham, superintendent of the car department of the Pittsburg shops, was called to Allegheny City, Pa., last evening by the death of his father.

The Jenney automatic coupler and air brakes are being attached to all the freight cars in the service of the Pennsylvania company. The new rigging is put into all the cars that come into the shops here.

Wabash Round-house Foreman Yergin, at Andrews, resigned this week and contemplates removing to Huntington or Fort Wayne. Mr. Yergin is a thorough machinist and a most capable man in any position.

The business in the yards of the Fort Wayne, Cincinnati and Louisville railroad at Muncie has greatly increased. A switch engine was sent from Fort Wayne to remain permanently in the yards at that place.

Oscar J. Freidman has entered suit against the Wabash railway in Springfield, Ill., for $50,000 damages. Friedman received spinal injuries in an accident on the Wabash near Kirkville, Mo., last May, and has since been confined to his room.

Five new men secured employment yesterday and three the day before at the Pittsburg blacksmith shops, making twenty-five new men in all that Foreman Judy has employed. The department is now running 108 men in all, besides the two foremen.

Capt. C. Hettler, foreman at the Pittsburg works, returned yesterday from the Michigan pineries, where he made large contracts for lumber for 2,000 cars to be built at the Pan Handle shops. The box cars will be built at Jeffersonville and the gondolas at Detroit.

O. E. Bradway, foreman of the brass foundry at the Pittsburg works, has been in the continued service of the company for thirty-one years and is an official whose services were always valued, for he is devoted to its interests. By the way, Mr. Bradway will celebrate the fifty-fifth anniversary of his birth on the 10th of March.

James C. Hewes, foreman of the Pittsburg boiler shops, entered the service of the Pennsylvania company thirty-four years ago and has been in the continued service of the company ever since. Mr. Hughes is popular with the men and the company has no more capable and efficient official than the genial boiler-shop foreman. He is always found at his post of duty.

The annual meeting of the directors of the Pennsylvania company will be held about the middle of the present month. The heads of departments of the Fort Wayne, Pan Handle and other western branches are now in consultation at Pittsburg to determine upon what recommendations to make to the directors. F. D. Cassmore, of this city, superintendent of motive power and machinery, is attending the meeting.

Besides their receipts from freight and passenger traffic, railroads derive revenue also from the transportation of mails and express freight on passenger trains, from the sleeping car companies, and from news companies for the privilege of selling upon trains. Of the total revenue about 70 per cent. is usually derived from freight, 25 per cent. from passengers, and 5 per cent. from mail, express, sleeping cars and privileges. When it is considered that high speed involves great risks and necessitates a far more perfect roadway, more costly machinery and appliances and a higher grade and a greater number of employes, the fast passenger, mail and express traffic hardly seems at first sight to yield its due proportion of income.

THE CITY Y. M. C. A.

The Association Meets and Elects Officers For the Ensuing Year.

The annual meeting for the election of officers of the city department of the Young Men's Christian association was held last evening at the parlors in their building. The meeting was well attended, and after hearing the annual reports of the old officers, the election took place and resulted as follows:

President—E. A. K. Hackett.
First Vice-President—C. H. Newton.
Second Vice-President—C. S. Smith.
Third Vice-President—J. D. Chambers.
Fourth Vice-President—L. Diether.
Recording Secretary—C. B. Beaver.
Assistant Recording Secretary—C. W. Henderson.
Treasurer—J. W. Cromwell.

The association is doing a grand work for the young men of our city. Every week witnesses its benificent influences. It is constantly reclaiming young men from their evil and pernicious habits, and by offering them a pleasant home where their leisure evenings can be spent in reading or in such amusements as are not harmful in their character, its good is lasting, and of incalculable benefit to the city.

Every citizen should take a pride and a pleasure in upholding the institution and its auxiliary, the railroad department. It may not pay money dividends, like bank stock and manufacturing interests, but it will redound to your credit all the same and make you feel happier, richer and more of a man by reason of having given it a helping hand.

The association is not in a flourishing condition. It is in debt and needs money and the man of means can do no nobler act than to aid it financially, and the citizens of Fort Wayne should see to it that the grand institution is placed in such a shape that it can continue its good work.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, are often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you buy it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

ACTORS WITH BAD THROATS.

Frederick Bryton May Have to Abandon Work—Thomas Keene's Case.

Frederick Bryton, who played here last night, continues to suffer severely from his throat, and essays every line with the greatest difficulty, as if suffering from a severe cold or hoarseness. It has been feared that he may have to lay off for the season and his company has recently been playing without him. The malady seems to be largely of a nervous character and it in nowise affects the otherwise perfectly robust health of the actor. It is believed that some of the trouble is due to a mistake in handling the case at the outset, for his physicians have not made any appreciable progress in Mr. Bryton's case.

A similar instance of misfortune was that of Thomas Keene, the tragedian, who was cut off at the very height of his career by the inability to talk. He took the advice of an old family physician and gave up trying to speak for a year, at the end of which time he went back on the stage and he is now in perfect command of his faculties.

Another man who has recently been attacked in the same way is John A. McCaull, the theatrical manager. His difficulty is due to paralysis of the vocal cords. He can speak with perfect intelligibility, except for a certain thickness of tone, which comes on from an enlarged tongue. His doctor has suggested retirement and rest and the colonel is at present at his country place near Baltimore, following out his physician's instructions.

SOLD FOR $75,000.

The Sherman Plant at Cygnet Passes into the Hands of the Standard.

FINDLAY, O., Jan. 4.—The Standard oil company has purchased the plant of the Sherman oil company, at Cygnet, north of this city, paying for the same $75,000.

During the last month the Standard has obtained nearly complete control of the Ohio oil field by purchase, its expenditure for new property within this period reaching over half a million dollars.

The Huntington *Herald* says: "Dr. A. H. Shafer, treasurer of the board of trustees of the Indiana school for feeble minded youth, favored us with a printed copy of the tenth annual report of the board for the year 1888. In it we find that the appropriation made by the legislature of $50,000 for the new building at Fort Wayne, lacks over $5,000 of covering the amount already expended, and the report asks for another appropriation amounting to $133,000 to complete the work. There are 239 inmates at the institution. Huntington county furnishes four, and of the neighboring counties, Wabash has three, Wells three, Grant two, Fulton two and Allen seven.

The Plymouth *Democrat* says: "Mrs. Wells, principal of the Westminster seminary, of Fort Wayne, spoke to the Ladies' Missionary society of the Presbyterian church, last Sunday afternoon, and in the evening to the congregation on the subject of home and foreign missionary work. It will be remembered that Mrs. Wells was, several years ago, principal of our high school."

A Sneeze! A Cough! A Sudden Chill! The mischief is done; you have a cold. It will run into catarrh, inflammation of the chest, or to hemorrhage of the lungs. That depends. A timely dose and an external application of Pond's Extract will stop it, as it cures inflammation or hemorrhages of all kinds. Then it is well to keep a bottle of this wonderful remedy at hand prepared for all emergencies. Avoid imitations.

SAM JONES ON SAILORS.

Old Dr. Witherspoon, from New Orleans, preached a sermon about the wants of the three million sailors who lived upon the sea and he asked for help to build chapels and sailors' homes, and do missionary work for them, and Sam followed it up with an exhortation and said: "How it broadens a man to hear such talk about these sailors—these three million of strong men who live and work in continual peril—among them all not an infidel or an atheist. They may be wicked, and when they get on the land and get their money they drink and carouse, and get in the calaboose; but they all believe in that God who sends the storm. It is these fellows who are safe upon the land who become infidels, but just let a little earthquake come along and shake 'em up and they turn pale and tremble, and would run worse than a scared dog if they knew where to run to. These sailors ought to be converted, and then every one of them would be the same as a missionary in every port in the wide world."—*Atlanta Constitution.*

TWO MEASURES OF A GENTLEMAN.

English gentleman of 400 years ago considered the pursuit of literature, art, and science unworthy of any of their class, which was expected to live solely for sport. American gentlemen (and this includes all Americans) hold the same opinion with regard to all mechanical pursuits. Are such notions a whit less childish than those of 400 years ago? I think they are even more so; for a man may very well be a gentleman without scholarship, but he cannot be one without being able to earn his living by his own labor. The truth is, while we flatter our vanity with the notion that we are an enlightened people, on the ground that we have a form of government and certain mechanical contrivances which our forefathers had not, we are sunk in barbarism as regards all ideas of human worth. For well nigh 2,000 years of Christianity has taught that character, and not position or possession, gives value to men. We act and think, for the most part, as if such teaching had never existed.—*Prof. Thomas Davidson, in The Forum.*

Rheumatism

Is undoubtedly caused by lactid acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

There has been discovered on the Epping plains, in the town of Columbia, Washington County, Maine, a freak of nature that affords a fruitful theme for local scientists, and has set all the natives agape with wonder. Some time between August, 1887, and August, 1888, there was formed, by some subterranean agency, a pond 50 by 75 feet, and several feet deep, where no pond ever existed before. A body of land of corresponding dimensions was forced from its natural position easterly and upward several feet to a more elevated part of the plain, where it now rests, leaving a hollow which in turn became a pond. Nothing of the sort ever happened in the vicinity before, and the inhabitants are now looking for earthquakes.

Man wants but little here below,
But wants that little strong.

This is especially true of a purge. The average man or woman does not precisely hanker for it, as a rule, but when taken, wishes it to be prompt, sure and effective. Dr. Pierce's Pleasant Purgative Pellets leave nothing to be desired in point of efficacy, and yet their action is totally free from any unpleasant symptoms, or disagreeable after effects. Purely vegetable, perfectly harmless.

Lady Drummond, the American girl who had to leave her titled English husband on account of bad treatment, is trying to secure $400,000 which belongs to her and her young daughter.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. A. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O16dee13t-wcow15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. mar-18-1y

A NOVEL RAILWAY.

A Swiss engineering novelty—hitherto considered an impossibility—is an inclined railway on which the cars are drawn by cable round a curve. From the Lake of Lucerne the track curves upon an angle of 112 degrees to the summit of the Burgenstock—1,330 feet above the level of the lake and 2,860 feet above the sea-level. The line is 3,050 feet long, and commences with a gradient of 32 per cent., which increases to 58 per cent for more than half of the distance. The motive power is electricity, generated by two twenty-five horse-power dynamos, worked by a water-wheel three miles away.—*Arkansaw Traveler.*

Ayer's Cherry Pectoral is recommended by eminent physicians, on both sides of the Atlantic, as the most reliable remedy for colds, coughs, and all pulmonary disorders. Inquire of your druggist for Ayer's Almanac.

A stick of timber 151 feet long and twenty inches square, believed to be the largest piece ever turned out from any saw mill, has been sent from Puget Sound to an exhibition in San Francisco.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DuVeau, 323 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seized me for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

Wigo Mus. Genereux Belanger, of 29 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headaches, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache needn't try

THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own in size. He therefore let go his own, and fiercely attacked the other Dog, to get his larger piece from him. He thus lost both. —*Æsop's Fables.*
